1. PRINT DOUBLE-SIDED	2. KEEP THE PAGES IN ORDER	3. BIND AT THE TOP
Select double-sided / duplex printing . Use the orientation that keeps the reverse side upright for a top-bound calendar.	Page 1 = cover. Page 2 = back of cover. Then continue through the file in order. The two intro pages come next, followed by the monthly pages.	Each month is designed as one double-sided sheet: inspiration on one side + that month's calendar on the other . Test the first copy before printing the full run.
PRINT RECOMMENDATION For the most beautiful result, print in full color on thicker, high-quality paper , with a textured cover if available. To save money, print the cover in color and the inside pages in black & white .		BEFORE YOU PRINT EVERYTHING Ask your printer for one test copy first. Check the cover/back alignment and make sure the monthly inspiration and calendar pages are correctly paired and upright.
